PRODUCTS™

AA: ArchAid®

- Available in Galvanized or Stainless Steel

Designed for smooth, symmetrical arches and curves with minimal distortion. Enables faster construction of inside and outside curves. It has nominally 2 3/8" legs; one is rigid and one is flexible to allow tailoring to the individual arch or curved radius. Available in stainless steel to be used with absolute confidence in high humidity and salt air environments.

Per Carton

Total Feet: 400'

Pieces: 40

Length: 10'

Materials And Finishes:
