

MFR: Finish-Rite® M-Slide Expansion Joint® - 2 Piece

US Patent 7,673,421 B2

The dual function self-aligning expansion joint provides movement capability at floor line while allowing moisture to release from the top ground and lock out moisture from the bottom. Special "Step" on the attachment leg provides a locator for correct placement of the fasteners and helps keep the molding laying flat on the wall. Provides 1" of vertical movement.

Note: This drawing is supplied solely to assist in the selection and application of product manufactured by Stockton Products. This drawing is generic in nature and should not be used in design or construction without an independent evaluation by a qualified Architect or Engineer of Record.
