

DRM-RR: Wall Reveal - RatedReveal™

- Available in Aluminum Alloy (6063 T-5)
- Patent number 8,671,632 - 8,938,922 - 9,371,644

Stockton Products™ Wall Reveal - RatedReveal™ is an industry first, single piece Fire Rated Drywall Reveal Molding. RatedReveal™ eliminates the requirement for extra drywall when using standard aluminum Drywall Reveal Moldings within fire rated walls. RatedReveal™ has a factory applied intumescent strip strategically located along the interior web of the reveal profile. The intumescent strip will expand when exposed to elevated heat during a fire and completely seal off the gap in the drywall preventing the passage of fire, and smoke for one and two hour fire ratings.

RatedReveal™ has been 3rd party fire tested per ASTM E119, Standard Test Methods for Fire Test of Building Construction and Materials and is listed under report number WFCi Report #20091.

Note: Rated Reveal™ is a trademark of CEMCO.

Most Common Sizes

Y Sizes: 1/4", 1/2", 3/4", 1"

Length: 10'

Materials And Finishes:
