

## PNWA: Plastic Nose WeepAid®

- Available In 7/8" and 1 1/2" Flange
- Available in Galvanized

Designed to act as a foundation screed for conventional 3-coat 7/8" stucco, WeepAid® maximizes the weep area and reduces the opportunity for stucco to stain or crack. Easy to tailor and trim. Comes with a non-rust high impact PVC nose. Can be used to form pop-outs around windows and doors as well as other "Ginger-Bread" details. Recommended for use with acrylic finishes.

## POA: PopOutAid™

- Available in Galvanized

Used to form decorative pop outs around windows and doors as well as other ornamental trim details. Unique wire pattern and shape provides excellent "Keying" of the stucco to the welded wire when forming and finishing the pop out.

## SA: StockAid®

- Available in Galvanized or Stainless Steel

A lower cost alternative to the original CornerAid® with fewer reinforcing wires. Three nose wire design used for exterior corner reinforcing with conventional 3-coat 7/8" stucco. Available in stainless steel to be used with absolute confidence in high humidity and salt air environments. Nominally 2 3/8" legs.
